LETTER OF INTENT INSTRUCTIONS

The Canadian Women's Foundation invites you to submit a Letter of Intent describing your organization and proposed programming as it aligns with guidelines for this grant and the Canadian Women's Foundation's mission.

The selection committee is interested in knowing the needs of your community and why your organization is well suited to address these needs. We are also interested in gaining a better understanding of your program goals and about your experience and approach to delivering intersectional gender-based programming. You can provide a short summary of your organization's mission, the leadership expertise, particularly as it relates to being able to understand and/or reflect the needs of the communities served by your organization. If you are working with partners, you may include how your plan will work advocates or supporters to affect the proposed change. Feel free to include links to past programming.

The LOI should be between **500-700 words**. Please note our system will not accept submissions longer than 700 words.

In your letter, you may choose to tell us about:

- Your organization - your history, mission, experience delivering intersectional gender-based programming, and how your leadership reflects the diversity of the community you serve

Your community - Who do you serve and what are their needs?

- Your program - What are your plans to use this grant over the next 4 years? Is it an existing program/initiative or in development? How does it respond to community needs? If you are working with partners, how will you work together?

These are only recommendations. Please feel free to add anything else you would like the grant selection committee to know or consider.

The Economic Development Grants Committee will review all Letters of Intent to determine which organizations will be invited to submit a full proposal.
